## **What's New in the?**

?- Choose the digital certificate you want to use as the signer; ?- Select the file that you want to process; ?- Choose the output directory. ?- Save. ?- Save. A great looking electronic PDF form that is easy to create. Features include: an attractive template, ability to edit, file merge, database merge, background and link colors, text sizes, text fill colors, and much more! It uses and sets the default settings of many different Adobe acrobat settings including whether it will automatically save when you are done and the ability to change the font, font size, font color, margin size, and many other acrobat options. The largest and most important feature of Better PDF Form is the ability to edit the fields in the fields and move them around on the form. You can easily add a title (user defined), select the size of the fields, select the font, font color and many other fields to change it any way you want. There are many many more settings that you can change so this is not a one size fits all type of thing.

**Better PDF Form Description:**

- Select a template from several different options available.
- Select a file you want to put into a form:.
- Select a form file you want to use for this:.
- Select font and font size you want the form to use.
- When done select Save form.
- You will get a new PDF file.
- Delete the original file.
- Save the new PDF form file.
- Open the new PDF form file in an editor to make your form changes.
- If you do not want to keep making edits in an editor, then you can delete the.pdf file and open the form in the PDF form manager.
- You can use several different theme, backgrounds and colors. The template is designed to accommodate many different screen resolutions and even accommodate full screen monitors.
- If you do not want to save the finished form, then you can choose not to save the form.
- If you add a title, then select it and change the font size and font color of the title. Create a lovely sales invoice that is ready to print, email, sign, print and fax. Write your own text with our free text editor, or specify your own fields. Edit the bill in minutes and automatically save all your changes to one file. In addition to editing the fields, you can change the font,
