About Our Development Team: The development team behind Role of Remains consists of people with a combined experience of more than 17 years. As a lifelong gamer, I understand that gamers exist outside of a time and a place. We enjoy the same things as everyone else - a great game, strong drinks, family and friends, and a glimpse into our own strange and wonderful universe. It seems every once in a while someone comes along and challenges the existing paradigm of what gamers are. Where gamers choose to turn and go in search of this new approach is up to them. And as gamers, it's only reasonable that we have a unified platform to post our opinions on the matter, so that we can all be certain that no matter who we are, what we like, where we are, we can find the gamers we know and love in this new world we're building together. It's time to lay down the rulebook. It's time to take our gaming seriously. It's time to become a Gamers Club. About Remains of Extinction Remains of Extinction is a story-driven, tactical turn-based RPG developed by Klang Games. This is the setting of the game. You are not from this world, or this time. **What's new:**

**Torn Tales: Rebound Edition** is a two-act musical play with songs written by Stephen Massicotte and David Powell. It was the seventh installment in a series of musicals that were titled after a line spoken by Navidad, the title character in the animated series, *The Year Without a Santa Claus*. Navidad is not to be confused with the Latin word *nata*, which means birth. The original 2007 version of *Torn Tales* was cancelled due to the then-ongoing financial crisis of late 2007/early 2008. The play was revived by The Studio Theatre in 2007 and partially rewritten by Matt Peranio. Peranio again wrote the play after the 2008 theatrical revival, although the original ending was removed. It was later re-released by Hobart/Mays in 2012. **Production History** The production opened on January 14, 2007 at The Studio Theatre. It received mixed reviews, but was a commercial success, ending its run on January 30, 2007. The musical was then performed by The Studio Theatre at the 10th Anniversary season of the York Theatre Company. It then transferred in spring 2008 to New York City's SummerStage. The production ran in September of that year, and returned to The Studio Theatre for a production from March to April 2009. **Characters** **Timmy:** A young immigrant boy who seeks answers to questions about his past. **Rebecca:** A mixed race, proud teen who dreams of living in a world of acceptance. **Uncle Delmore:** A middle aged black man who tries to find his place in the world by forcing Timmy to remember his past. **Mr. Taylor:** A middle aged white man who plays the role of Timmy's father. **Bill:** A middle aged white man who plays the role of Mr. Taylor's employer. **A town of television enthusiasts in East Texas** ask the question: *Have you met Navidad?* **Navidad:** An immigrant boy who has been sent to live with his uncle and his friends when his parents must return to Mexico. **Synopsis Act 1:** Timmy In 1912, a young boy named Timmy finds a box containing the journal of a person named Navidad, who later becomes famous. He takes the journal and puts it away. He sees Bill, his stepfather, throw the journal away. As the two walk away, he remembers a dream about Navidad and how he wishes he
