## What's new:

**Hi Guys, I just got the Game recently and played through an Episode to level 1, so let me introduce myself. My character name is Thant and I'm from Miami, Florida. I'm a big fan of SOE products and started playing EverQuest last September. I'm just another player or nerd that got lucky when I got lucky enough to test play the game. I'm looking forward to playing with you all and I'll try to keep you all updated on how I do. Also, I'll be playing on my 'Child' Account b/c I have 2 children ages 5 & 9.**

**Also af wondrer, det er en spartanisk til en hvilede Rune  
2010-11-16 02:03:06 The graphics aren't as great as they were in Everquest Next (take it as that), the levelling are not as epic as in other games. But, you only need to complete a little more than what EQ1 had for starting out, and get back into your quest to be a searing elden lord. And dont forget the awesome and amazing crafting system. Davik 2010-11-16 02:05:58 Trinity is awesome! The grandeur of it along with the gameplay (all of the storylines are very high quality) makes for one of the coolest environments of any MMORPG since EVE Online. Coherence of gameplay is great and the parser is probably the fastest parser in all of MMORPG. Love it. Slowcoming (in the enginneer) 2010-11-17 23:02:50 This game is epic how you play it is by far the best MMO on the market now, you are not going to find a more fun game to play in my opinion, Over all i think its a little bit hard to start playing it because everybody makes different sounds or text for spells etc, even that personal taste should come in a day or two when you learn the basics of the game. The Main thing that most people don't know what the heck is going on over all sometimes. a lot of learning and immersion into the game. And its spectacular fun! Mordax 2010-11-23 02:52:33 This game is awesome, i absolutely love it, EVE online and OTOYs first game "Trinity is awesome**
