## **Features Key:**

**A Vast World** There are no events separated by scene. The open-world environment is seamlessly connected, and you can adventure freely.

**A Myth Born from a Legend** While the battles in the past are living legends, new stories continue to unfold in the Legends Battlegrounds. After classifying many of the legendary units, the overall narrative of the battle is finally beginning to emerge.

**Awakened Powers!** The Lords of the Elden Ring have brought forth the powerful Omni-Rune, the Elden Ring Key, which awakens new powers for the characters of The Orb World.

**High Quality Graphics and Sound** Beautiful graphics and high-quality sound effects produce a very exciting offline and online experience. Also, many elements such as music, sound, and characters' voices are planned for the offline version, and are currently being researched.

**An Epic Adventure with Many Players** In addition to the online cooperative experience, there will be a competitive mode where you fight against many other players and keep on playing for a long period of time. In this mode, you will experience things that you cannot experience in the offline cooperative experience, for example, players will be able to peek at your inventory and break your equipment.

**Seamless Progressive Multiplayer Conversations** and scenes in the offline multiplayer will progress as the series of scenes in the story continues.

**Realistic Battles** Fight against other characters with large numbers of soldiers, including fearsome dragon enemies that take control of the battlefield. Strong AI has been implemented from the outset.

**A Campaign and Quest** The newly added story will exceed the boundaries of just battling enemies together. By obtaining the worthy items that appear in the story, you can continue the story in your in-game party.

## **What's new:**

\* Battle System - Circle of Night

## **HOW DO YOU UNDERSTAND THE WILL OF THE ELDEN?**

**Your conscience is an essential element of your makeup as an Abaddon, your holy weapon. Even if the tools of that wielded foe's weapon are weak, they are powerful because the heart of the enemy is strong! So, how are you to understand the Will of the Elden who up until now has only existed in the dreams of Orphan?**

**If the pure truth exists, we will be able to see it. But when the truth is altered by fate, and if we can gain insight into that truth, that is the ultimate power. Though we do not yet know the rules of this virtual world, if we do not explore it, we will never learn the true content of the land beyond our eyes.**

**Even enemies might be friends. But do not betray your friends who have died. After all, their troubles are still with you. So, keep the strength of your heart, and control the situation with the cool resolve of the old gods. It is the only way.**

**\* The extent of your revenge depends on the rank of your skill\*  
The quality of your betrayal depends on the characteristics of your character!**

**The heart of the evil that laid in wait in the land of the dead, hidden from the light of the sun, is lawless. It is contained in the dark souls of the people who wish for something more from the world, for something more than the ordered and tragic world of reality. The corruption festers and festers, passing through the test of tragedy for ultimate power, and destroying the world in this progress until the day of its arrival.**

**Who can oppose the Soul of the World?**

---

**All we can do is journey alone with our consciousness, with you sword in hand and the resolve of the old gods in our hearts.**

**In other words, we can only do so much, but ultimately it is up to us to decide in a genuine sense that which is “best” in the end. The battle of the “true world” is the battle of hearts and minds**

I love it because it was my favorite place to shop as a little girl. It's like a big playground. We just started another market in Mt. Juliet. It's so new I don't even know what it looks like. Homeschooling is starting back up after break. We're going to be homeschooling DD2 for kindergarten. So I'm back at home mom mode. I love keeping a scrapbook. I did it for a while when DD1 was little and I homeschooled her. I'm trying to do the same thing for DD2. I've been working on scrapbooking the special things she's done lately. Amber I'm Amber-20 years old, a wife, and a mother to a little girl. I have been married to my soul mate for 5 years and I am a proud homeschooling mom. We live in southern TN, with my parents and my little girl. I love teaching, I love working with kids, I love helping them learn. I love the people God has blessed me with. I love photography and scrapbooking. I love my family and my friends. I dream of owning my own photography business so I can help people with their weddings, family, and babies. I dream of God blessing me with my own little family so I can teach them about Him.1. Field of the Invention This invention relates to apparatus which are used in laboratories
