That looks like her name. So, you get the point, right? The movie is really good, and I don't want to spoil anything by telling you that it's top-notch. But if you ever want to see what it's like. Download the movie to your PC, DVD, or Blu-ray player. Welcome to Pinoypreneurs Youtube Channel, my name is Paolo Rivels and I'm the owner of this channel. As you can see, it looks like I'm talking too much. That's because I'm excited. But, before we begin I want to welcome a guest. Yes, it's none other than Brian Chapman. Yes, Brian is the owner of ACM or the Academy of Cinematographers that we're going to visit tonight to learn more about filmmaking, to talk about cinematography, lighting, exposure, editing and how to take your creativity to the next level. So, I want to thank Brian very much for coming on this channel. I know that you've been studying photography and cinematography for a very long time. But, as you can see, there are so many things that you can learn. It's not just the technical side of filmmaking. It's the business side of it too. And knowing that, we'll start with Cinematography. So, when we go back, we'll talk more about cinematography and lighting. And cinematography will also be addressed. So, without any further delay, let's proceed. Brian, I want to start with a very simple question. What is cinematography? Brian: Oh, that's a hard question. Paolo: I know. I just want to make sure that you have the right answer. Brian: I think that cinematography is the science of light and shadow that you use to convey the emotions or the actions of the characters in the story. But, it's different from photography. Paolo: Yeah. It's different from photography. But, in short, can you describe it in just a few words? Brian: Yes,
